THE WALL CHRONICLES

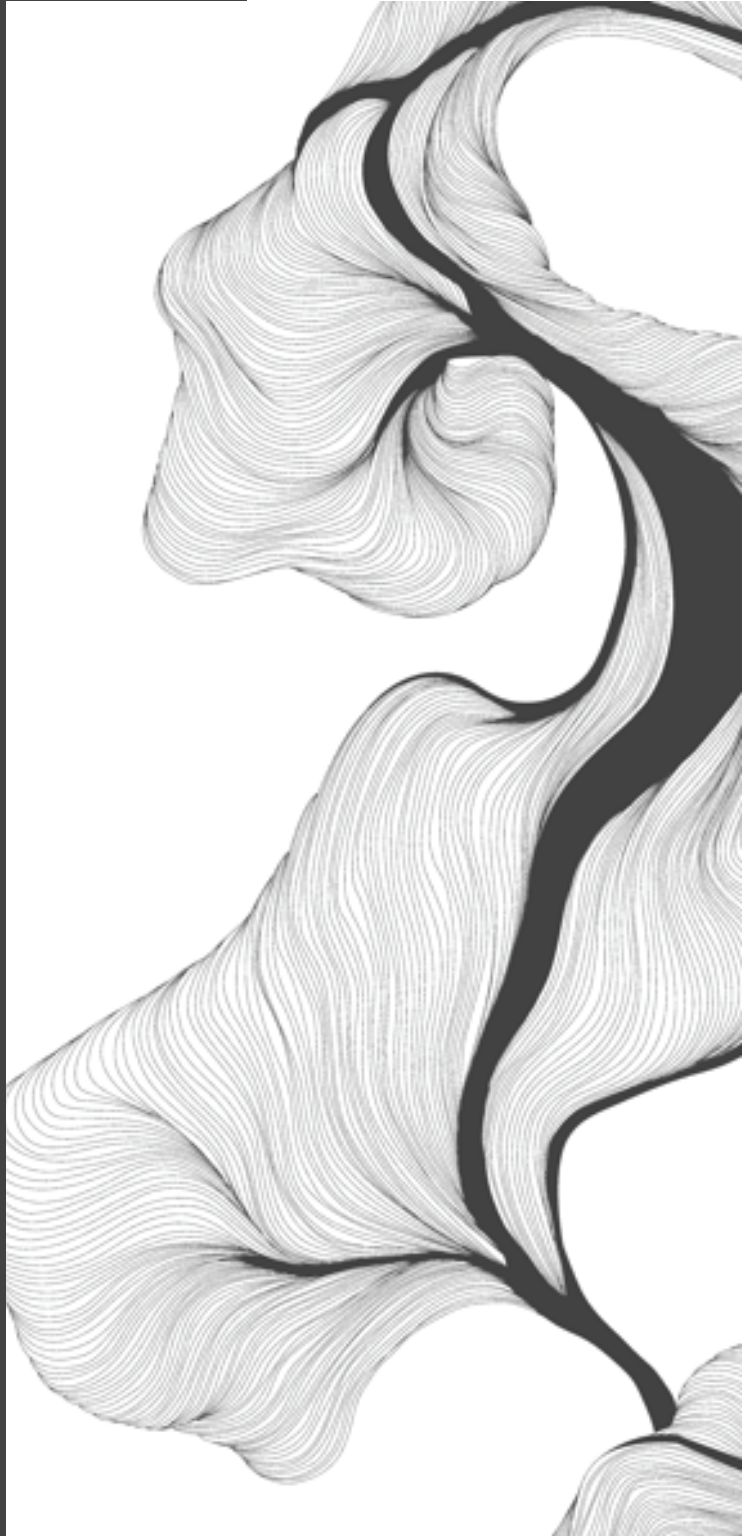

Indulge yourself with one of a kind customized wallpapers, designed to dress up your walls. We believe that every wall speaks for itself. It just needs to be tailor-made to suit your requirements.

Our wallpapers are inspired by the fluid pattern of watercolor, curves of a fallen twig or petal, early scribbles of a child or sometimes even as mundane as a straight line. Every wall is a blank canvas where a story needs to be told.

So spruce up your walls with wallpapers from The Wall Chronicles.

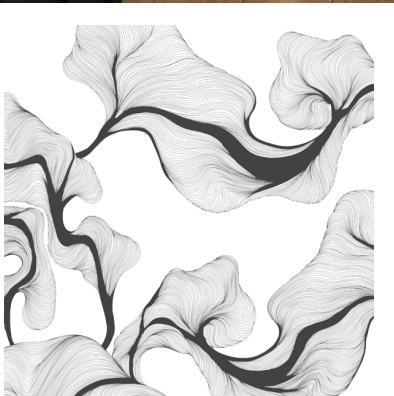

Because every wall has a story to tell.....
